1st CONGRESS OF YOUNG SCIENTISTS OF INTERNATIONAL ACADEMY OF PERINATAL MEDICINE

INVITATION

Dear Colleagues,

It is an honor and great pleasure for us to welcome you to the 37th Congress of The Fetus as a Patient Society and the 1st Congress of young scientists of International Academy of Perinatal Medicine, which this year due to the COVID-19 pandemic, will be held only online from 23 to 25 of April 2021.

The International Society of The Fetus as a Patient is an interdisciplinary gathering of doctors who are devoted to enhancing all parts of fetal determination and treatment.

The International Academy of Perinatal Medicine is a scientific, international and independent nonprofit academic institution for the study, evaluation, dialogue and promotion of Perinatal Medicine across the world. Its main aim is to protect and promote the health of pregnant women, fetal patients, and newborns globally.

We invite you all to participate in this event, as the scientific program promises outstanding international speakers, who will present the most recent advances in the field of Perinatal and Fetal Medicine. All the participants will be able to learn and participate in several topics of the whole spectrum of perinatal and fetal medicine.

Moreover, this year, for the first time, young scientists will have the opportunity to demonstrate their work and be candidates for the Asim Kurjak award which will be presented to the winning writing team by Prof. A. Kurjak.

On behalf of the Organizing Committee we are looking forward to welcome you in this meeting.

With kind regards

George Daskalakis
President of the Congress

Frank Chervenak
President of
The Fetus as a Patient Society

Asim Kurjak
President of the International
Academy of Perinatal Medicine

37th CONGRESS OF THE FETUS AS A PATIENT SOCIETY

INVITED SPEAKERS

ADRA ABDALLAH - Lebanon
ARABIN BIRGIT - Germany
